PROFESSIONAL SUMMARY

Passionate UI Developer with a rich experience of **2+ years** of experience and expertise in HTML, CSS, Javascript, Typescript and ReactJS. Easily able to pick up new technologies and work on complex UI applications. I can work both as a team player and individual contributor. I love to experiment with new Frontend technologies and libraries. I enjoy solving algorithmic problems and puzzles.

EXPERIENCE

Navi Technologies, Bengaluru- UI Developer

MARCH 2022 - PRESENT

- Created a responsive affiliate partner web application which runs in apps and websites such as **Amazon, PhonePe, Swiggy, MakeMyTrip, Zepto, Flipkart etc.**
- **It is a source of ~500 personal loan disbursals with a whopping revenue of more than ₹3 crore per day.**
- **Single handedly** took the project to the end stage, from project setup (NextJS) to development to deployment while maintaining the best coding practices.
- Integrated Sentry for error tracking
- Integrated Appsflyer events for affiliates
- Integrated MSW for seamless API mocking

- A key contributor and maintainer of the internal Web UI Library used by more than 10 teams and reduced the development time by ~50%
- Creating pixel perfect UI components with pitch perfect CSS
- Writing extensive test cases for the components with 100% coverage
- Ensuring design sign off for new components
- Ensuring best coding practices in the team and guiding other developers both Junior as well as Senior
